

## Leaders in the conversion of EN45545-2 compliant rubber, sponge and plastic materials

CB Frost offers an extensive range of specialist materials ideally suited to the requirements of the mass transit industry where stringent fire, smoke and toxicity standards are crucial.

CB Frost has been trading since 1921 and has long-standing relationships with numerous railcar manufacturers/ maintenance/refurb organisations, including CAF, Stadler, Alstom, Siemens, Wabtec, Hitachi and Knorr Bremse Rail Services.

Visit our website at [www.cb frost-rubber.com](http://www.cb frost-rubber.com) to view our full range of products.
